ESTABLISHMENT - Temporary - Land Acquisition work

rmanent retention at the cost of Government - Requested.

period of six months which was also accepted by the council. In March 1936 a proposal was again sent to the Council to retain the staff for a further period of one year.

2. The proposal was placed before the council and it has agreed to the retention of the staff at its cost for a period of three months and requests Government to provide additional staff in the Revenue Divisional Officer's Office permanently at its cost. A copy of the letter addressed to the Collector in communicating the decision of the council is enclosed.

3. No doubt it is for the Municipal Council concerned to pay for the cost incurred in acquiring land for the Council if and when any special staff is employed for this work. Ordinarily, however, it is for the Revenue Department to do the land acquisition work for Municipal purposes, and the employment of additional staff is to be done only in very exceptional cases where very heavy work spreading over a

to be done inside the office is more than that to be done in the field. It looks as if the Revenue Divisional Officer is not able to cope with this office work for which he asks for an additional establishment. In his letter dated the 20th November 1934 (copy enclosed) the Collector in suggesting the employment of the additional establishment would seem to have stressed on the necessity of a hand for outdoor work rather than the office work. And in view of the fact that the work remaining now to be done is mainly clerical, the appointment of a Special Revenue Inspector with a conveyance allowance of Rs.13.8.0 per month does not seem to be necessary.

likely that an extension will be asked for as was being done on the two previous occasions for reasons explained in my letter to the Collector (copy enclosed)

In these circumstances it is requested that Government may be pleased to reconsider the order in para 4 of G.O.No.1068 Mis.Revenue, dated the 13th May 1936 communicated with Endorsement No.19470-1-A1, Local Self Government, dated the 17th May 1936 and to sanction the entertainment of Special staff permanently at its cost to cope with routine Municipal Land Acquisition work or if it considers that there is no sufficient justification for this it may be pleased to exempt the council from payment for the Special staff whenever it is appointed for the purpose.

Sir,

ESTABLISHMENT - Temporary - Land Acquisition - Special staff - Your Ref.B3-1601/36 dated 2-4-1936.

The Municipal Council at its meeting held on 30-3-1936 has sanctioned the retention of the Special Staff for Land Acquisition work for a period of three months. Though the Revenue Divisional Officer wanted the special staff to be continued for a further period of one year from 23-4-1936 the Council has sanctioned the retention for a period of only three months and requests that Government may be pleased to provide additional hand in the Revenue Divisional Officer's office for doing Land Acquisition work. A perusal of the Revenue Divisional Officer's letter shows that the work that remains to be done in 22 out of the 23 cases mentioned therein is more of a clerical nature than out-door one.

In your letter Ref B3.5281-34 dated 20th November 1934 in suggesting the entertainment of additional establishment you seem to have stressed on the necessity of a hand to do outdoor work rather than the office work involved in Land Acquisition cases. The nature of the appointment Viz. of a Revenue Inspector with a conveyance allowance and a peon, seems to imply that the work intended to be done is out-door rather than clerical. The Revenue Divisional Officer justifies the retention of the special establishment by inviting my

attention

16 items of Land Acquisition work. Only token provisions have been made in the budget for these items of work and as already stated in my letter C.No.932-DL-36 dated 6-3-1936 -- these works are not expected to be completed before the -- close of the year as it was decided by the Council that they should be taken up only after September. They will therefore be sent to the Revenue Divisional Officer only about - the end of October or November as, it will not be possible - for the Council to provide necessary funds for these in the current year. In these circumstances it will not be possible for you to recommend the acquisition to Government as required under G.O.No.138 Mis.Rev. dated 24-1-1933. These 16 cases that are to be sent in October or November will -- engage the special staff for roughly about 5 months i.e. the end of April 1937 and the very same question of extension -- is likely to come up again then.

In view of these facts the Municipal Council -- requests Government to provide additional staff for Land -- Acquisition work permanently at the cost of the Government and it is hoped that this proposal will be recommended by you to Government.

Your obedient servant,

Sd/-C.R.Karunakara Menon.

To

The Chairman,

Municipal Council,

Mangalore.

Sir,

Land Acquisition - Entetainment of temporary staff - Mangalore Municipality.

****

Of late, the work of land acquisition has so much increased in the town that the permanent Town Surveyor and the Revenue Inspector, Mangalore are not able to cope with the work. The permanent Town Surveyor has heavy arrears of maintenance to attend to, and it is not possible to utilize his services entirely for Land Acquisition work in any year. The Revenue Inspector has his own normal work in the villages of the Mangalore firka and cannot devote the major part of his time to enquiries within Mangalore town. I, therefore, propose to entertain an additional Revenue Inspector for Land Acquisition work in Mangalore Town who will work under the Revenue Divisional Officer, Mangalore and a peon on the scale of Rs.12-1-17 will be necessary to work under him. The cost of this additional establishment will have to be borne by you Municipality entirely under Article 235 of Madras Financial & Accounts Code I presume that the Municipal Council will agree to bear this expenditure as the employment of this small additional staff will considerably expedite the Land acquisition work in the Municipality. Please send me a resolution of your Council agreeing to pay the charges, so that I may address Government for the necessary sanction; the staff may be required for a period of six months and the total expenditure may amount to about Rs. 450/-

p. 132 Book 1/018

2. I further request you to send with all applications for acquisition of land in future, the names and addresses of the persons interested in the land proposed to be acquired, with a brief note regarding the interest each has in the land. The Revenue Inspector will then be able to hold enquiries promptly, to expedite acquisition work and to avoid mistakes. The requisitions which you are now sending do not give any indication as to who are the persons interested in the land and the Revenue Inspector has to devote much time to searching out the parties in the first instance.

The Board recommends that the special staff sanctioned in G.O.No. 1068 Ms. Rev. dated 13-5-36 may be retained for a further period of three months from 24-7-36 The expenditure on account of the special staff will be met from the provision in the current year's budget under "22. p. 3. The Board requests that the Collector's action in having retained the starr in anticipation or sanction may be approved.

4. The Board agrees with the Collector that the entire cost of the special staff together with the leave and pensionary contribution should be recovered from the Mangalore Municipality.

5. As regards the Commissioner's request for the waiver of the recovery of the cost of the special staff the Board observes that most or the cases relate to the widening and improving of roads which is purely a local civic amenity and not one for which the general tax-payer should pay. It is however a matter for the consideration of Government whether the request of the Commissioner for the waiver of the recovery should be granted.

Subject:- Establishment-- Temporary (South Kanara)--Mangalore Municipality--Land Acquisition work--special staff--~~special staff~~--retention.

Ref:- Board's endorsement Ref. C. No. 4015/36--11 dated 2nd July 1936.

I resubmit the papers forwarded to me with the Board's endorsement cited above. In these papers the request of the Commissioner Mangalore Municipality is that Government should extend the period and themselves bear the cost of the special Revenue Inspector and peon sanctioned temporarily in G. O. No. 1068 Ms. Revenue dated 13th May 1936, to deal with field work and office work relating to the several Land Acquisition cases, undertaken at the instance of the Municipal Council. In the above-mentioned order, Government directed that the entire cost, leave and pensionary contribution for the staff should be recovered from the Municipal Council. This was in accordance with article 235 of the Madras Financial and Account Code. The note under that article authorises the Local Government to waive recovery of the special charges incurred in connexion with the acquisition of land for local bodies. The Revenue Divisional Officer,Mangalore, has requested me to apply

for extension of the period of the special staff of Special Rev... Inspector and peon for 3 months from 23rd July 1936. The Municipal Commissioner argues that as the Special Revenue Inspector and peon are now mainly intended to expedite office work in the Revenue Divisional office, Mangalore, the cost of these subordinates should be borne by Government only. I enclose a copy of Resolution No. 19 dated 6th July 1936 of the Municipal Council in which the cost of the special staff for three months from 23rd July 1936 was sanctioned for payment from the Municipal funds. Government need not think of waiving the recovery of the cost of the staff that will work for three months from 23rd July 1936. This special staff is likely to be required for at least a year more. It is a matter for Government to consider whether the cost of the special staff after 23rd October 1936 should be waived -- without being recovered from the Municipal Council. The argument of the Municipal Commissioner that the cost of the staff should be borne by Government, since the office work to be done by the -- staff is more than the required field work does not appear to be sound. I am not aware of any case of this kind, in which the Government were pleased to bear the cost of the special staff.

2. I submit herewith a list of the cases of Land Acquisition relating to this Municipality and pending now with the Revenue Divisional Officer, Mangalore. It will be seen therefrom that -- without the assistance of the Special Revenue Inspector it is not possible for the Revenue Divisional Officer to proceed with the work. As the Municipal Council has already agreed to pay the entire cost of the special staff (special Revenue Inspector and peon) till October 23rd 1936, I am retaining it in anticipation of Government sanction. And I request that Government in the Revenue Department may be addressed to approve of my action -- and to sanction the employment of the special staff for the temporary period of three months referred to. The sanctioned period of the special staff expires on 23rd July 1936.
